

INTERVIEWS

Ilya Likhov – hi-tech entrepreneur, visionary, founder and CEO of Neosun Energy – an International fast-growing solar EPC and manufacturing company whose approach can change the global energy market. He is a distinguished authority in the field of Solar Energy, hi-tech, and international business strategy with over 20 years of hands-on experience.

As the visionary leader of Neosun Energy, an International solar EPC and manufacturing company, he spearheads the provision of cutting-edge Commercial Solar PV & Energy Storage Solutions (ESS) for a wide array of Commercial and Industrial projects across the globe. His innovative business model has the potential to revolutionize the solar energy market.

With a strong engineering background and corporate experience in sales and marketing, his private business journey began in China, where he lived for several years. During that time, he organized the marketing and commercial activities of Chinese hi-tech manufacturers specializing in innovative fields, facilitating their entry into European and American markets.

solar energy completed projects

Mr. Likhov believes that solar energy, combined with energy storage systems and intelligent energy solutions, can spark a revolution on par with the transformative impact of the Internet on communications two decades ago.

He is a current member of the Forbes Business Council and the Organizing Committee of the Trend Energy Conference. He was a keynote speaker at energy conferences in Dubai, Seoul, Miami, Lahore, Cape Town, and Rwanda. In 2024, Entrepreneur Mirror ranked him N°1 in "Top 10 Leadership Styles Defining Innovation."
